## HOW TO PAY

Your Power Your Drive charges will be billed by SDG&E separately from your home electricity bill.

Go Green! Be sure to sign up for paperless billing and auto-pay.

You can access an itemized statement of the charges on your Power Your Drive bill through [MyAccount](#). Other Bill Payment Options can be found at [sdge.com/residential/pay-your-bill](https://sdge.com/residential/pay-your-bill).

## RATES & COSTS

SDG&E provides an hourly price to EV drivers. Hourly prices are established the day before at about 7:00 pm.

The ChargePoint app will allow you to set a maximum price that you would like to pay. You can change this maximum price as needed. If the hourly price exceeds your maximum price, the charging station will stop charging your car. Set it and forget it. You're in control.

To view current and historical prices at your site, visit [sdge.com/pyd-map](https://sdge.com/pyd-map) and click the icon for your specific site.
